Zbrush: 1 year

Familiar with version control systems: Git, SourceTree, BitBucket

Familiar with Flexbox and Bootstrap

Willing and able to work night shifts and weekends

Experience

Freelance / Freelance Full Stack Web Developer/UI Designer

Aug 2019 - Present, Remote

As a freelance web developer, I help bring clients websites to life. This usually entails designing websites and building them from the ground up, from frontend to backend, while working close to the client to ensure all needs are met.

Esporta Fitness / Night Clerk

Jan 2020 - Present, Casa Grande

As the night clerk I am responsible for checking members into the club and insure that all information is current and correct. During the night I am solely in charge of all sales and personal training acquisitions. I pull potential leads for the day shift salesmen, and assist in clearing up any debit card changes. It is also my responsibility to maintain the medical equipment on hand.

Chipotle Mexican Grill / Service Manager

May 2018 - Jan 2020, Casa Grande

As a service manager I was responsible for ensuring the front and back of house were always ready and prepared for service. This includes overseeing and scheduling employees, managing truck shipments, opening

and closing of the store, overseeing deposits of money, running cleaning schedules, saving labor, assessing critical items and making adjustments, as well as ensuring the customer had a great experience.

Education

Bachelors of Electrical Engineering

In progress

Central Arizona College / Associates of Science

January 2021, Dean's List
